

Connie Stokes nominated for the Woodlake Property Owners' Association Board of Directors

Connie and her late husband, Bruce, have been known, loved and appreciated by Woodlake residents for decades. Connie purchased her home on Piping Rock Road in 1993. She was friends with the original developers and most of the original property owners of the Woodlake subdivision; a few of whom are still here. She knows the history of Woodlake since its inception and she knows most of the current property owners.

Connie has always maintained an interest in the workings of the Woodlake Property Owners' Association. She assisted Bruce Stokes with his duties when he was serving on the board of directors. She regularly participated in annual Association meetings and frequently attended regular meetings of the board of directors. She helped plan Woodlake Social gatherings and other neighborhood functions. Connie always kept her own yard and property in a way that was a standard for Woodlake.

As a smart businesswoman herself, she has decades of business experience; particularly with landlord/tenant issues, with real estate purchases/sales and with property maintenance matters.

Connie will add a female voice and perspective to the now dominantly male board of directors. Even more importantly, she will add a representative voice to Woodlake Section One, in which she lives. Woodlake Section One includes all properties before the Woodlake Tennis Courts. That includes more than 50% of **all** Woodlake property owners. There is no resident of Woodlake Section One on the Board of Directors. Connie wants to fill that void. She will contribute to the "one community" quality of the Woodlake neighborhood.

Connie Stokes has been nominated to fill a vacancy on the board of directors. She was nominated by 2 current board members. She is clearly well-qualified. There is no other accepted nomination. The vacancy was created by the resignation of another board member. The remaining 3 members of the board of directors' refuse to call for a vote on this appointment.
