

Mrs. Anne Broady, co-founder of Woodlake, dead at 101

Mrs. Anne Broady and her husband Henry, were the original developers of Woodlake. Our neighborhood would not be possible without their founding efforts. Those of us who were here 15-20 years ago remember Anne coming to occasional social events held at the homes of Woodlake property owners. Anne always supported the Woodlake Property Owners Association. She died in October 2019.

Anne left the only piece of Woodlake property she still owned to the Woodlake Property Owners Association. Woodlake Section One, Lot #4. That's the vacant lot just after the second house on the right-side as you enter Woodlake. The WPOA board of directors will consider how to best use this property for the best interest of the Woodlake Property Owners Association.
